 - Passive businesses owned by developers/landlords
 - Life insurance companies
 - Pyramid sale distribution plans
 - Private clubs
- Small businesses engaged in illegal activity
- Small businesses whose 20%+ owners have legal issues
- Small businesses or owners that have currently defaulted federal loans or have caused prior loss to federal government

PPP

- **Loan Terms:**

- **Amount** – Up to \$10 million
- Based on formula, not projections
 - Equal to the lesser of:
 - 2.5 x the applicant's average monthly payroll costs over the last 12 months + the outstanding amounts on any EIDL loan obtained after January 20, 2020; or
 - If in business less than a year, use monthly average of payroll costs for January and February 2020

- Waives collateral and personal guarantee requirements
- Waives prepayment penalties

PPP

- **Forgiveness:**

- **After 8-week period from initial loan disbursement**, borrower may request forgiveness of actual amounts spent on payroll costs, mortgage interest, rent, and utilities
- **Borrower must supply documentation to support the request** – payroll tax filings, state filings, verification of mortgage and utility payments, along with a certification from its representative.
- **Payroll costs must account for at least 75% of the requested forgiveness amount**
- **Other considerations**
 - If the business reduces its number or compensation of employees during the 8-week period, the amount of forgiveness will be reduced
 - Employers that restore their employment numbers and salaries by June 30, 2020 would experience no reduction in forgiveness
 - Employers can require employees to return to the payroll rather than stay unemployed and collect unemployment insurance
